MEMORANDUM FOR: Deputy Director (Plans)

SUBJECT: ATIC Request for Use of Project Processing
Facilities for Special Film Handling

1. Attached hereto is a memorandum from [] describing an ATIC inquiry as to use of Project processing facilities to handle film from USAF Project []. I believe that the potential quality of this film merits consideration for special processing.

2. We have informed Major Randall of ATIC that we would submit his request to the Project Director through our channels. The purpose of this memorandum is to record ATIC's request and to acquaint you with some of the background and additional data which might be useful to you in forming a decision. The disagreement between AFCIN and ATIC in this matter is called in particular to your attention.
